MAY - 5 1997

In the matter of Amendment of the Commission's Rules
regarding Multiple Address Systems (MAS).

RECEIVED

WT DOCKET NO. 97-81

References: NOTICE OF PROPOSED RULE MAKING
Adopted February 19th 1997: FCC 97-58.

JAMES ARCH and individual who submitted applications for 48 licenses in the MAS band during January - February 1992 filing window. All the checks for the licensing fee of \$155.00 each were cashed and accepted. An equal amount was invested for engineering, evaluation and preparation of all the necessary papers.

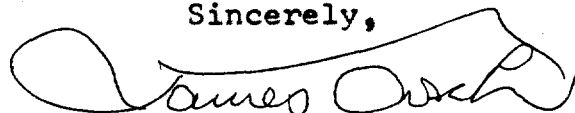

In addition members of my family, Anthony J. Arch, Judith A. Arch, Susan A. Kalka and Pamela A. Cross each filed for 33 applications for MAS band during January - February 1992 filing window. All these checks for the licensing fees of \$155.00 per application were cashed and accepted.

The money was accepted on the understanding that the Lottery would be held to determine which applications would be granted. During the last five years I have made telephone calls and inquiries regarding when the Lottery would be held. I was always told the lottery would be held shortly. Enclosed are copies of my most recent letters of March 13th 1997 to Rules and Policy Branch and Microwave Division sent by certified mail with return receipt. I have not received a reply.

It has been of deep concern and frustration that an agreement was made, money accepted and no Lottery held as promised and agreed to. Once regulations have been complied with, money paid and accepted it would seem the Commission would want to do what was promised and agreed to.

To avoid further delays and in the interest of the public the Commission should proceed with the Lottery as promised and do it in the interest of all concerned.

Sincerely,

James Arch.

Dear Friends,

re MULTIPLE ADDRESS SYSTEMS LOTTERY

Around 9/18/91 - over 5 years ago, I sent \$7,440.00 being
F.C.C. License fees for the Lottery in Multiple Address
Systems (MAS) markets.

The checks were sent, accepted and cashed by the F.C.C.

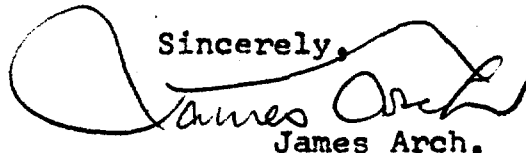

The F.C.C. sent out all the information about the Lottery
they have accepted the money. Will you please let me
know when this Lottery will take place.

Five years seems to be unbelievable to hold my money and
not pay interest. This does not seem fair or reasonable.

Will you please let me know when this Lottery will take
place.

I need to know who to take this matter up with. Should
I notify my Senators and Congressmen to look into this
matter because 5 years seems to be a long, long time to
do what was promised.

Sincerely,

James Arch.

February 13th 1997.

John Brokowski,
Rules & Policy Branch,
Wireless Telecom Bureau,
Federal Communications Commission,
2025 'M' Street N.W.,
Washington, D.C. 20054.

Dear John,

Yourname has been given to me as person who can give me information regarding the Multiple Address Systems (MAS) Lottery which I sent \$7,440.00 in FCC Fees for this Lottery. I have other family members who entered this Lottery and sent in over \$20,000.00 for these markets.

Checks were sent, accepted and cashed around 9/18/91.
That is now over 5 years ago.

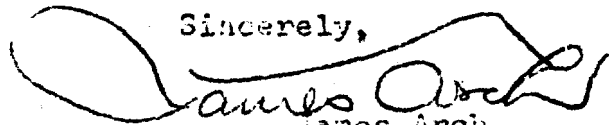

Since these checks have been accepted after sending out information about these markets going to Lottery it is beyond my comprehension why this money has been held for over 5 years with out any action or interest on the money.

This does not seem fair or ^areasonable.

Will you please let me know when this Lottery will take place before I write to my Senators and Congressmen to look into the matter.

THANK YOU for a prompt response.

Sincerely,

James Arch.
